

# CABINET LIGHTING

There is nothing quite as stunning as clever lighting. It accentuates good design and gives stunning ambiance. Every good interior design must use a clever balance of natural and ancillary lighting. That's exactly what we can help you do.

These lighting kits can be ordered as options on almost any vanity, shaving cabinet or tall boy. They come totally installed with their own transformer. All you need to do is have your electrician provide a connection and your chosen switching.

**All lighting kits have a 1 year warranty.**

LED - if LED is chosen for a shaving cabinet or vanity please note style and size may vary slightly.

**There are four lighting options available:**

**Plinth Lighting Kit:** This can mount under any vanity, shaving cabinet or tall boy. It mounts underneath the cabinet or if your cabinet is floor standing it mounts just above the kickboard. It is a fantastic option for night lighting or adding stylish ambience to your bathroom.

**Under Top Lighting Kit:** This very attractive LED light strip fits between your cabinet and the vanity top providing a strip of light to the front and sides of your vanity. The outcome is nothing short of amazing.

**Denver Shaving Cabinet Lighting Kit:** to get outstanding facial lighting on your Denver shaving cabinet add this light option. It provides a strip of LED lighting for excellent and practical lighting while using the mirror.

**Halifax Lighting Kit:** With similar effects to the Denver lighting kit, this option gives you a border of light around the perimeter of the Halifax mirror. It is not only eye catching but also a very practical illumination.

**\*Please note:** An electrician will be required to provide in wall wiring and provision for an on/off switch before the bathroom walls are sheeted or tiled. See product drawings for more information.

See page 312 - 313 for drawings showing mounting positions.
